# Notice on Holding 11<sup>th</sup> China International Medical Device Regulatory Forum (CIMDR)

In order to publicize the Chinese medical device regulations and policies, strengthen the exchange of international medical device regulations and technical norms, promote the experience exchange and interactive learning among medical device evaluation bodies of different countries, improve scientific and technical level of the evaluation, enhance enterprises' consciousness to obey the regulations, boost communications between enterprises and governments as well as among enterprises themselves, push forward application of new technical standards and technological achievements, further improve safety and effectiveness of medical devices, China Center for Food and Drug International Exchange (CCFDIE) will hold the 11<sup>th</sup> CIMDR from November 17 to 20, 2020.

The theme of 11<sup>th</sup> CIMDR is Perfection, Innovation, Contributing China's Wisdom to Global Supervision. Representatives of Chinese and foreign medical device regulatory authorities, medical device technical review institutions, international organizations for regulatory harmonization activities of medical devices and standardization institutions, as well as specialists from medical device application areas and representatives of medical device enterprises will give speeches and interact on the CIMDR, and will discuss measures and experiences in the field of medical devices to address the challenges of fighting against COVID-19 globally.

Because of impact of COVID-19 pandemic, the previously scheduled time and location of the Forum (September 8 to 11, 2020 in Wuhan, Hubei Province) have been adjusted. After communicating with related departments, it is planned to postpone CIMDR to November 17-20, 2020, at Fuzhou Strait International Conference & Exhibition Center in Fujian Province. In order to protect the health of representatives and to ensure the good effectiveness of the Forum, according to the requirements of the Notice on Further Improve Related Epidemic Prevention-and-Control Work in Key Areas and Key Units as well as Key Groups issued by Joint Prevention and Control Mechanism of the State Council, we will continue to pay close attention to the development and changes of the epidemic, to hold this Forum in strict accordance with the relevant epidemic-prevention requirements. CIMDR will still be held on spot in the main venue at Fuzhou, combined with online and live broadcast if necessary to ensure the participation effects.

We Look Forward to Your Participation!
