

European Coordination Committee of the Radiological, Electromedical and Healthcare IT Industry

COCIR 60th Anniversary

Thursday 14 November 2019 Brussels, Belgium

Laws, Regulations and Standards

Industry challenges and opportunities for the medical device sector in Europe

Holger Schmidt

*COCIR Board Member and
Corporate Vice President Quality at Siemens
Healthineers*

Innovation is driving our business, continuously improving “state-of-the-art”!

Does “state-of-the-art” depend on the price point?

Standardization supports patient safety

Can you imagine to operate this safely and seamless without technical standards?

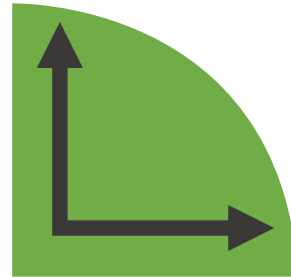

Security standards will play important role in digitalization of healthcare.

Europe needs to actively drive global standards and support regulatory acceptance.

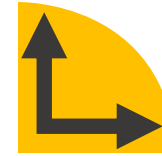

Regulations should be viewed holistically

Patient Safety

Costs to Healthcare System

Supply of Devices

Innovation

Ease of market entry

Impact needs to be quantified and monitored.

COCIR Vision
